

3. Impact on Supply Chain

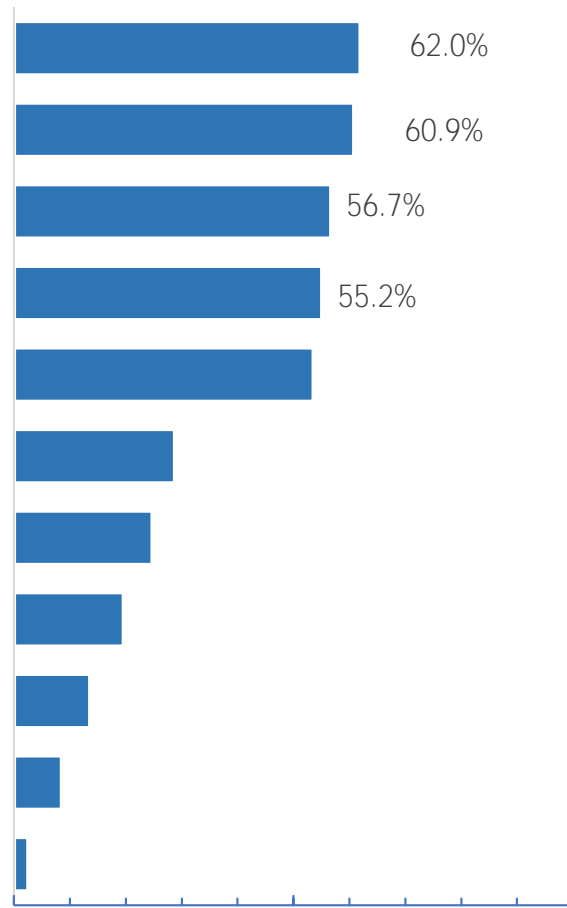

5, UdUI g !Cca d g i hi fY1D`

As for the outlook for business in the US through the end of 2020, over 60% of companies have stated they will maintain their current operations, while 20% stated they will reduce operations. Over 10% stated they are still uncertain.

As the outlook remains uncertain, many companies are taking a wait and see approach. Companies are pl(nw)6(h)-3(i)12(n)(are s)-3(o)-3(t)-5()14(w)6()25(t)
