of the CFIUS process.

The Trump administration has indicated that it hopes to conclude a US-UK trade agreement by the end of 2020, but meeting this ambitious timeline will be difficult. Indeed, for the UK, conducting these important negotiations with the United States and the EU in parallel could prove challenging, particularly where trade-offs between the two need to

India, with excessive flexibility in trade n

the AB given the large number of WTO disputes in which the United States is typically involved. Also, certain other key Members, such as Japan and India, have not signaled their intentions yet on this Arrangement.
